Learning Record Activity Sheet

Rules of the Game

You will need:

- EducationCity on a computer or laptop
- Your Learning Record Activity Sheet

Instructions:

1. Complete an activity or piece of work that has been set for you by your teacher, parent or guardian.
2. Ask a teacher, parent or guardian to sign the box to say that you have completed an activity or piece of work.
3. Move along to the next box and repeat.

Rules:

- Make sure to note what activity you have done - maybe ask your guardian or parents to write the name of the activity in the box when they sign?
- You can repeat an activity, but you can only get someone to sign the box for it if you improved your best score!
- If you land on a character box, you can only move on to the space if you have done what they ask!

About EducationCity

EducationCity produces fun, educational materials to engage students in learning and empower teachers to tailor their teaching. [Take a look at how EducationCity can support you in the classroom:](#)

Target Lesson Objectives Easily

Find relevant content that links to your curriculum by using our Curriculum Map or Search tool.

Comprehensive and clearly organised by strand, content is so easy to access!

Plan in Advance

When planning your lessons, choose your Activities in advance and put them into a MyCity so they're easy for students to access. Choose a meaningful name for each MyCity and you'll be able to update and retrieve them year after year!

Differentiated Teaching

Monitor progress with SuccessTracker and you'll be able to identify the strengths and areas of development for each of your students and so choose relevant activities to help them progress.

Flexible Learning

EducationCity is accessible via desktops, laptops, tablets and whiteboards, so can support you whatever equipment is available in your classroom.

Additional Resources

Access our ready-made Lesson Plans and topical content to support teaching and learning in the classroom.

There's more to EducationCity than Activities alone!

Assessment

Check students' learning with formative, summative and unit assessments. Curriculum-correlated, pre-prepared and easy to set, they give instant feedback to inform your next steps.

"Teachers have been delighted with the content of this package and most impressed with how easy it is to find appropriate learning and teaching resources and then to use them in a variety of ways."

Mark Sanderson,

Senior ICT Consultant, Herefordshire Learning and Achievement Service
